**ibr**  
instituut voor bouwrecht

**CROW**

### Conference Programme

How do the Dutch standard conditions on design and build and DBFM compare to international developments in construction contracts? Speakers from several European countries will answer this question.

#### Morning Session

1. Precontractual duties to notify and to investigate
2. Liability for defects not noticed by the client/ Defects liability fit for purpose
3. Payment schedules/early termination
4. Public law risks/Subsoil conditions

During the lunch: real estate developments on the south axis in Amsterdam

#### Afternoon Session

5. Extent of liability/ liability to third parties
6. Quality assurance
7. Settlement of disputes
8. The proof of the pudding: the case of highway A90

This conference is sponsored by: the Dutch government, ProRail and CROW.
